

viking 46
CONVERTIBLE

The Viking 46 is a sportfisherman that gives you all the speed, stability and dependability of a classic fishing boat, with all the luxurious comforts of your home.

The spacious salon features an L-shaped sofa and entertainment center/wet bar to port. A booth dinette to starboard is one step down, open to the social activities of the salon.

Below that is the galley, containing all the appliances you'd expect on a luxury yacht. But if you're looking for something to really sell the missus on, show her the beautiful master stateroom located to port amidship. It includes a walk around queen-sized bed and spacious private head. Across from the master stateroom is a laundry locker with a washer and dryer.

And when it comes to your guests, there's the forward cabin with a large lower bunk to port and an upper bunk situated athwartship. A guest head is located in the companionway.

For those desiring three staterooms, a new floor plan is available with the galley positioned in the salon behind a beautiful teak bar with stools. This extra stateroom is directly below to starboard with upper and lower bunks.

Equally as impressive as the interior is the Viking 46's performance at sea. Her unique hull design quickly lifts her on plane for a dry, comfortable ride at speeds few boats can match. And with optional 8-92T's, she is in a class of her own.

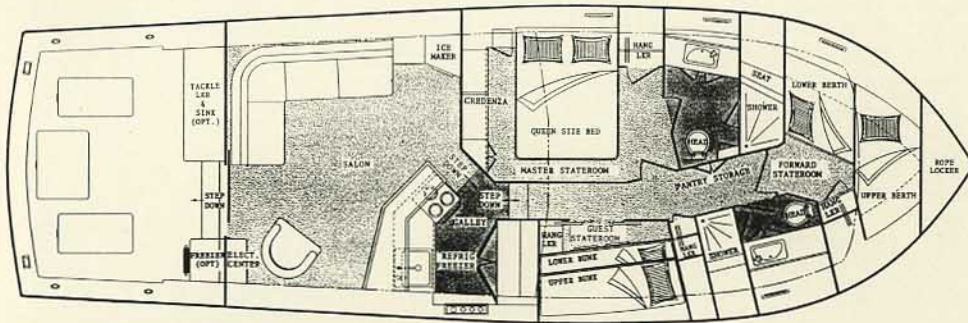

For the big game fisherman, options include: tuna tower, bait and tackle locker, cockpit freezer, fish door, live well and lower control station. All are easily accommodated in the large cockpit.

The flybridge has a complete control console with helm seats. Two seating areas, each large enough to stretch out on, are featured to allow room for eight.

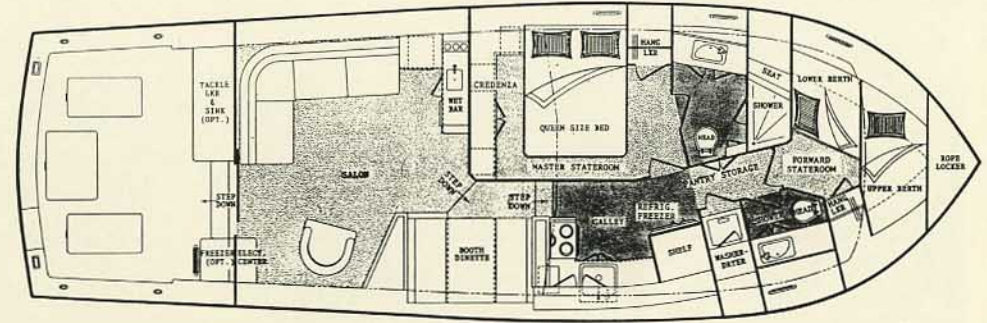

So if you're looking for a high performance, big game fishing yacht with all the comforts of home, be sure you see the Viking 46.
